Revised 9/6/2026

ORANGE COUNTY TRACK – 2027

This is the 39th edition of Orange County Track that recognizes the many fine track and field performances by Orange County High School athletes. Included is an all-time outdoor and indoor boys and girls list. Most known school records are listed. This publication is by no means complete. People reading this work are encouraged to contact the author regarding errors or omissions. The school record section lists only those marks that are first listed on the all-time list. The first edition was published prior to the 1989 track & field season. The original work was researched with the assistance and contributions of Ted Brazil (Orange County Register), Al Brit (Esperanza HS), Cary Brody (Los Alamitos HS) Mike Kennedy (LA Times, David Osterman (OC Register), Jack Shepard (Track & Field News), Doug Speck (Arcadia HS), Wayne Wilson (Amateur Athletic Foundation of Los Angeles Jim Roldan of EPI Sports and many other individuals and coaches. Most recent editions have been proofed by Don Turnbull (Golden West College) Mark Gardner, and Dave Hurlburt.

THE STATS

Abbreviations

+-mark converted from yards to meters.
c-mark converted from hand time to equivalent auto time.
w-wind aided mark.
y-original mark attained in a race run in yards
-fully auto timed races have no abbreviation and are noted to one hundred of a second.
-any hand time recorded to one hundred of a second has been rounded up to the next full tenth of a second.
'-mark made enroute to a longer distance.
'-after name indicated foreign exchange student (if known).
*-before athletes name indicates junior year.
**-before athletes name indicates sophomore year.
***-before athletes name indicates freshman year.

PERFORMANCE RANKING

For the purpose of ranking athletes and their performance, hand times have been converted to equivalent auto times and yard performances to metric. The Track & Field News policy of converting has been adopted. By using a multiplier, accurate percentage differentials are attained as the time gets longer.

CONVERSIONS

Hand times have been converted by adding 0.24 seconds for races less than one lap, and 0.14 for one lap races. Races of more than one lap have no conversion from hand to auto timing. The yard time was then multiplied by .9942 to get the metric equivalent. Common ratio races follow this formula. 100 yards/ 100 meters and 110 meters/120 yard hurdle events are not common ratio events.
